OUR ECO-MISSION

At Emirates Plastic Industries, we are the nexus of business excellence and environmental stewardship. Our mission revolves around pioneering Eco-Friendly Initiatives, focusing on three pivotal domains:

Recycling Revolution

Innovative plastic recycling is at the heart of our commitment, transforming waste into valuable resources. This not only reduces environmental impact but also propels us forward in advancing circular economy practices.

Zero Wastage Mastery

At Emirates Plastic Industries, we are masters of "plastic zero wastage." Our innovative approach, encompassing reduction, reuse, and recycling, redefines sustainability across every facet of our business.

Solar Power Leadership

We step into a realm of elevated standards through our resolute embrace of solar energy solutions. Our investment not only drives operational efficiency but stands as a testament to our firm dedication to responsible business practices.

“

Our mission to redefine industry benchmarks, where the harmonious coexistence of environmental consciousness and business prosperity takes center stage. Witness the seamless synergy of innovation, sustainability, and success at EPI.

”

OUR LEADERSHIP

MESSAGE FROM THE CHAIRMAN OF THE GROUP

"At the helm of our organizational journey, we recognize that our triumph is intricately woven into the fabric of customer satisfaction – the true barometer of our success. This fundamental tenet is not merely a statement but the bedrock of our business philosophy.

Guided by the pillars of honesty and transparency, our leadership vision comes to life, casting a spotlight on the path ahead. We strive to instill in each member of our team an unwavering commitment to elevated standards of business ethics. From

“

Our commitment to excellence is the driving force behind every endeavor, fueled by innovation, integrity, and a relentless pursuit of superior outcomes

”

the inception of our group, our mandate has been crystal clear – the perpetuation of best-in-class management and manufacturing systems, all while propelling the growth of our existing portfolio.

At Al Mulla Group, we comprehend the nuances of attaining excellence. With confidence, I assert that our principles are poised to imprint a lasting impact on both our dedicated employees and discerning customers. As leaders, it is our privilege and responsibility to steer the course toward excellence, ensuring that our legacy resonates not just within our organization, but in the hearts and minds of those we serve."

MOHAMED ALI AL MULLA

Chairman Al Mulla Group

THE CEO

CHAIRMAN & TEAM

Emirates Plastic Industries takes great pride in hosting state-of-the-art, fully automated, and hygienic packaging machinery. Our strategic planning and efficient deployment of resources—be it manpower, machinery, or time—have seamlessly met the surging demands, eliminating any operational bottlenecks. I am pleased to note that we have fostered a loyal and devoted customer base, comprised of industry leaders,

a testament to the trust they place in us. The enduring relationships we maintain bear witness to the confidence vested in our products and adherence to timelines. Operating at peak efficiency, we move with unmatched speed, and our satisfied customers serve as a living testimony to our unwavering commitment to exceeding their expectations.
